shothered semantics ingredients in graphona.

Three of the prominent ingredients which Dr. Pierce's Golden Medical I covery is made are recommended by a of the leading writers on Materia Mofor the cure of just such cases. Golden root, for instance, is said by the cure of the cure of past such cases. Luther Cannders, manager of Mexico's base ball team last season, is looking over the field and seeing the merichants preparatory to organizing.

Financially the past season was not a success and Mr. Saunders does not wish to have a team unless it will be given support.

Cauthorn's departure leaves a hole in the line-up and as McKenn has joined Jacksonville, the force of local pitchers is smaller.

If a team is to be organized now is the time for it is necessary to start arrianging a schedule at once.
